

pure water dispenser®

STYLISH • CONTEMPORARY • CONVENIENT

Sleek, contemporary design

The Pure Water Dispenser® 200 Series top-loading water dispenser features a sleek, compact tower design with a small, space-efficient footprint to easily fit in any home or office setting. The ergonomically placed faucets are 7" higher than most traditional water dispensers allowing for convenient, effortless dispensing. Enjoy refreshing cold water for sports activities, cooking and hydration, or fast and convenient hot water for mixing beverages and ready-to-eat meals. Easy-touch dispensing handles make it simple to fill water containers, cups and coffee mugs. Plus, there's a child safety lock included for safer hot water dispensing. Simple to install and easy to maintain, the sleek 200 Series water dispenser includes a 1-year limited manufacturer's warranty.

Innovative, versatile features

- Modern appliance styling; complements any décor
- Space-efficient design – smaller footprint compared to other water dispensers
- Ergonomically placed spigots for easy dispensing
- Hot and cold dispensing handles made of polished aluminum
- Easy-touch dispensing handles quickly fill water bottles, coffee pots and large containers
- .62-gallon cold water tank and 1.1-liter hot tank ensure plenty of cold and hot water is always available
- Proprietary technology provides energy efficiency, reliability and low noise
- Removable drip tray for easy cleaning
- Available with and without cupholder
- Also available in 2-toned gray and black

Easy to maintain and convenient to use

- Freestanding floor unit
- Top-loading water bottle dispenser
- Accepts 3- or 5-gallon water bottles
- Built-in child safety lock button
- Food-grade stainless-steel hot tank and polymer plastic cooling tank
- High-quality and energy-efficient compressor for reliable, consistent performance
- Easy to maintain; 1-year limited manufacturer's warranty
